

**From: Martha Vargas, Nonprofit Services Manager of San Diego Food Bank**

## **Serving & Sharing Foundation Incorporated Selected as \*EFAP Agency of the Month for August!**

The Serving & Sharing Foundation Incorporated team serves a remote area, has a great group of volunteers, and is excellent at incorporating best practices. In fact, they have helped the Food Bank by providing their excellent volunteers at other EFAP distributions when needed. We can't thank them enough for being willing to step in and help. They host a mass food distribution on the fourth Saturday of the month serving the Valley Center community in need. They serve an average of over 74 households and 340 individuals each month! Over a 12 month period, they provided over 37,000 pounds of food to the community which is the equivalent of 31,000 meals. Congratulations to Lorraine Vales and her well-deserving team on this recognition of their hard work and dedication!

\*EFAP stands for Emergency Food Assistance Program
